Career Objective

I'm a passionate developer with a growing skill set in ASP.NET, Angular, and React, focused on building cross-platform applications that are both useful and user-friendly. I enjoy learning new technologies and solving problems through code. Right now, I'm looking for a team where I can keep learning, contribute to real projects, and grow as a well-rounded developer.

Skills

Database	SQL
Backend	JavaScript, Node.js, ASP.NET Web API
Frontend	HTML, CSS, Bootstrap, ASP.NET MVC, Angular, React, MAUI, Blazor
Language	C#
Tools	VS Code, Visual Studio, GitHub, Postman, Swagger, Scalar
